

November 2024

RIDE AND VOTE

Volume 34 Issue 11

Motorcyclists have a unique and powerful voice that often goes unheard in the political arena; yet their influence can shape critical policies affecting rider safety, infrastructure, and rights on the road. As a growing community, motorcyclists face specific legislative challenges, such as road safety initiatives, discriminatory profiling, and vehicle registration fees. These issues require lawmakers who understand and prioritize the needs of the motorcycling community; but without a strong turnout at the polls, these concerns are easily overlooked. The only way to ensure that motorcyclists' voices are heard is through active participation in elections, where they can vote for candidates who align with their interests.

The political landscape often presents challenges for riders, from local road maintenance budgets to statewide motorcycle safety fund allocations and sweeps. In some states, motorcyclists have successfully lobbied for favorable laws, but without a consistent presence at the polls, these gains can be reversed or neglected. Voting is not just about electing representatives; it's about influencing policy on issues such as red-light laws, road-sharing regulations, and accident prevention measures. Motorcyclists need to realize that their vote is a powerful tool in advocating for safer riding conditions and fair treatment under the law.

Additionally, motorcyclists must recognize the potential for unity within their ranks. Collectively, they can represent a formidable voting bloc; capable of swaying elections and pushing for legislative action on issues like motorcycle parking, road access, and funding for rider education programs. By engaging in political advocacy and exercising their right to vote, motorcyclists can ensure that their concerns are placed front and center, influencing not just transportation policy, but broader political agendas that impact their way of life. It's not enough to ride with pride; motorcyclists must also vote

with purpose.

The need for motorcyclists to show up at the polls this election is critical. With so many decisions being made at the local, state, and national levels that directly affect motorcyclists, it's essential for the community to engage in the political process. Voting is the simplest and most effective way for riders to ensure their voices are heard and that their interests are represented. By turning out in force on Election Day, motorcyclists can secure a safer and more equitable future on the road.

And don't ever forget to
VOTE LIKE A MOTORCYCLIST!

All Bikes, All Riders

SECURE YOUR LOAD LAW WENT INTO EFFECT September 19, 2024!!!

On ALL Arizona roads not just highways. Thanks to Senator Shawna Bolick for sponsoring this important legislation and championing safety on the roads!

Ch. 183, Laws 2024 (SB1376 - Vehicle loads; restrictions) Extends vehicle load restrictions from highways to streets and roadways, applied uniformly throughout Arizona and in all its political subdivisions. Exempts vehicles being used for agricultural purposes on a farm.

If you have questions about the new law, please contact ABATE's Designated Lobbyist, Mike Infanzon at mike@abateofaz.org

President's Report

Greetings to all my fellow A.B.A.T.E. of Arizona members!

Well as I sit down to write this article it is the middle of October, and we finally are getting cooler weather in the forecast. We have set records all over the state for the most triple digit days and it is good to see the temps drop. When this article reaches everyone, we should be experiencing autumn weather and some great riding weather. I hope everyone had a great Halloween and enjoyed the fun of all the events and returned home safely.

Once again it is unfortunate that we are experiencing way too many motorcycle accidents. Please "RIDE LIKE YOU ARE INVISIBLE" because other vehicles on the road do not always "LOOK TWICE" and they really do not see you. I wish for everyone to enjoy riding in our great state and the fall weather, and also to get home to your families safely.

This time of year is also when many of the clubs and organizations around our state hold many events. I hope everyone gets to attend as many as they can and have a good time. Most of these events are fund raisers for worthwhile charities and organizations. As always I ask that you wear your ABATE shirts and gear when attending to let them know that ABATE is supporting their event.

Because we are a registered corporation, we are required by law to hold a general meeting for our membership once each year. This year we are hosting this event on Saturday November 16th, and I look forward to seeing many of you there. Your Chapters should also be holding their annual Officer Elections and the election of your Board of Directors representative. Officers are elected for a one-year term and the BOD rep is a two-year term. I want to thank all those who are serving or are stepping up to serve.

We are an all-volunteer organization and without folks like you filling those positions we could not exist. THANK YOU!

The Motorcycle Riders Foundation held their Annual "Meeting of the Minds" convention in St Louis, MO this year. This was the 40th year that they have held this event and this year they returned to St Louis where the very first MOTM was held. I was honored to represent all of you at this event. I was also joined by State Vice-President Paula Beall, Past President Mary K Donnay, and Dale "Animal" Detrick who is our MRF Representative for Arizona. I once again have come back more energized and excited about what we need to work on and what needs to be done to keep our mission moving forward in a positive fashion.

There was much information about the ongoing attacks on the internal combustion engines that power most of the motorcycles on the road today; as well as various legislations in states around the country. These are being watched and addressed by the MRF.

There has also been a big push to expand the Independent Motorcycle Aftermarket Council. Many indepen-

I DO NOT USE MESSENGER!

dent repair shops have trouble with various legislation and regulations which hamper their business. Issues such as: Right to Repair, so you or your favorite shop, have access to the tools, parts, and technology you need. Right to Modify, your right to modify and/or customize your vehicle as you see fit. Renewable Fuels, the fuels needed for motorcycles is under attack. We need fuels with no more than 10% ethanol to fill our bikes.

Fuels with more than that amount of ethanol will damage motorcycles and small engines. There are also End of Life Directives issues. In Europe, directives are requiring that vehicles over a certain age MUST be turned in for destruction. These ideas are popping up here in the States.

The Motorcycle Riders Foundation is our voice at the national level to help fight these issues. I strongly urge ALL ABATE members to become members of the MRF. If you are already a member, Thank You. There is information on joining on our website and also in the *MasterLink*. They are the driving force for motorcyclists' rights in Washington DC, and they need our support.

Please remember to support those businesses and organizations that support ABATE and the motorcycling community. As always - remember, membership drives our organization. Spread the word! Always talk to other riders about joining ABATE. People need to be told about ABATE. Most never join because they were never asked. You need to ASK THEM!

Until Next Month!!
Ride Free! Ride Safe!
Ride Endorsed!

Jim

Protecting Motorcyclists' Rights is a Team Effort! Support your sport by supporting ABATE of Arizona

Choose Wisely

Once you've decided to ride, there are a lot of choices to be made. What kind of bike? New or used? How much insurance? What kind of protective gear? It can get very expensive. So if you've chosen to wear a helmet, we'd like to make sure you buy a good one.

The Arizona Motorcycle Safety and Awareness Foundation (AMSAF) and Governor's Office of Highway Safety (GOHS) want to help. Our Financial Assistance Helmet program provides individuals with \$125 from AMSAF and 25% off the Manufacturer's suggested retail price (MSRP) when you purchase a DOT-approved, full face or modular helmet at AMSAF approved locations throughout the state.

AMSAF logo and GOHS logo are visible at the bottom of the advertisement.

The Arizona Motorcycle Safety and Awareness Foundation
 Financial Assistance Helmet Program

How it works

- AMSAF Vouchers are valid towards the purchase of a \$200.00 or higher DOT Certified Full Face or Modular Street Helmet.
- Vouchers are only valid to those dealers approved by AMSAF and listed on the AMSAF website.
- Vouchers are not valid for discounted, special order or discontinued helmets.
- Purchased helmet is non-returnable if warning tag is cut off. Helmets may be returnable at the discretion of the dealer.
- Voucher is valid for a \$125.00 credit toward qualified helmet due to grant received from the Governor's Office of Highway Safety.
- Dealer or store will give an additional 25% off of Helmet MSRP.
- \$50.00 tax deductible donation is required to AMSAF at time of application.
- Voucher and promo code is only valid toward one (1) Helmet purchase.
- Dealer will credit individual up front at time of purchase and invoice AMSAF.

For more information or to apply - Click in this presentation

For more information or to apply go to AMSAF.org/Helmets

Friday From DC by MRF News: *Meeting of the Minds 40th Anniversary Recap*

The last weekend in September, Freedom of Road Riders hosted the 40th Annual Motorcycle Riders Foundation (MRF) Meeting

of the Minds, in St. Louis, Missouri. This annual event allows motorcyclists' rights advocates the chance to share the legislative accomplishments of their states, shape the MRF's federal legislative agenda and learn from leaders in the movement about how to be effective voices for motorcyclists.

As Fred Harrell, MRF Director of Conferences and Events stated at the event opening, "We are getting better with age, as we embrace the future." Part of that history and forward vision is a growing belief that building and maintaining partnerships across the motorcycling community is vital. An impressive number of groups were represented at the conference, including 40 state motorcyclist rights organizations, the American Motorcyclist Association, Harley-Davidson Motor Company, the Independent Motorcycle Aftermarket, the National Coalition of Motorcyclists, the National Council of Clubs, the National Council of Informed Riders, the Specialty Equipment Market Association, and hundreds of freedom fighters who all have a shared passion for defending our lifestyle.

These partners participated in developing and strengthening our federal legislative agenda for 2025. This agenda ensures that we are fighting for the priorities that matter to you in Washington, D.C.

The MRF has come a long way in 40 years! What started in a crowded hotel room has become a powerful force in our nation's capital. Nothing demonstrates that more than a

message sent to the MRF from Congressman Tim Walberg of Michigan. "As a lifelong motorcyclist and the Co-Chair of the House Motorcycle Caucus, I am glad to see so many bikers engaged in the political process. Millions of Americans share my passion for motorcycling and events like Meeting of the Minds educates bikers on how best to protect our motorcycling lifestyle and heritage." ([link to Congressional Record](#))

Thank you to the Missouri Freedom of Road Riders for hosting this year's event and to the Missouri Council of Clubs and Soldiers for Jesus Motorcycle Club for providing extra resources. Finally, thank you to the hundreds of bikers who journeyed to St. Louis.

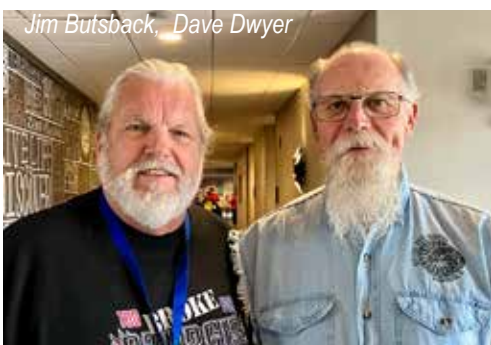

Let's keep fighting!

We look forward to seeing you next year in Shreveport, Louisiana, for the 41st Meeting of the Minds!

About Motorcycle Riders Foundation

The Motorcycle Riders Foundation (MRF) provides leadership at the federal level for states' motorcyclists' rights organizations as well as motorcycle clubs and individual riders. The MRF is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. The MRF is committed to being a national advocate for the advancement of motorcycling and its associated lifestyle and works in conjunction with its partners to help educate elected officials and policymakers in Washington and beyond.

East Valley Chapter

Attended Post 138's soft opening on October 19th. They held a ride from the old location to the new location via the Post's namesake's gravesite in north Phoenix. Our first meeting was held on October 20th at the new location.

If you visit Post 138 (University/Alma School Rd) you will notice that

one of the bar stools has an ABATE logo and an inscription: "Donated by ABATE of Arizona, Arizona's Motorcycle Rights Advocate". A fond farewell to the Broadway Road location. One time it was the end stop for a Chapter "Hard Ass Ride" event.

Our October meeting included a presentation by business member, Ky Sisson. Ky discussed the various medicare insurance options. If you are approaching that age, reach out to ABATE's business member, Aging and Awesome Medicare.

We held our annual Biker Bowling Challenge between our Chapter and the Phoenix Chapter. Our Chapter won the high individual score (186) and the overall high team total score. A fun time was had by all who attended.

With the cooler weather comes many new opportunities for membership booths. We will be at Scottsdale HD's bike night on the last Wednesday of each month from 6-8. Come and check it out. We also have membership booth opportunities at AEO Motorsports on October 26, and CMA's event in Superior on November 2nd.

Chapter officer nominations are due and can be accepted until the November chapter meeting. Let's keep the chapter going strong and fill in all chapter officer positions!

Mohave Chapter

I think we have a new season here in Mohave County, it is called Hotumn instead of Autumn. We had a brief cool down and then the temperatures are back to the low 100's. On Sep.29 we planned a ride from the VFW in Golden Valley to a near by town of Chloride for lunch. Postponed it for 1 week due to the temperatures to Oct. 6 and then changed it to a ride or drive event. In the end it all turned out and was a fun event.

On Saturday, Oct. 19 we are doing our highway cleanup on Hwy. 68 in Golden Valley. Some of the members from Coyote Pass Chapter are coming to help and after we are done all who work it will have lunch at the VFW with Mohave Chapter picking up the cost. Our next chapter meeting is Monday, Oct. 21 at the VFW in Golden Valley. Our main item at the meeting is the start of chapter officer nominations with the actual election in November.

That is all I have for now, until next month stay safe and ride safe.

LANE FILTERING IS LEGAL
ARIZONA REVISED STATUTES 28-903 F
 The operator of a two-wheeled motorcycle may overtake and pass another vehicle that is stopped in the same direction of travel and in the same lane as the operator and may operate the motorcycle between lanes of traffic if the movement may be made safely and if the operator does both of the following:

- Operates the motorcycle on a street that both:
 - Is divided into at least two adjacent traffic lanes in the same direction of travel.
 - Has a speed limit that does not exceed forty-five miles per hour.
- Travels at a speed that does not exceed fifteen miles per hour.

Lane Filtering information cards are now available from your local Chapter

Coyote Pass Chapter Hosts Bike Show in Kingman

Thunder-Rode Motorcycle Accessories, located at 102 E. Beale Street in downtown Kingman, was the location for the [Coyote Pass ABATE-AZ Chapter](#)'s Bike Show on October 19, 2024.

There were 16 bikes entered in the show with 6 trophies available to win. But unfortunately, none of the contestants qualified for the Best pre-1970 Vintage category. People who paid the modest \$10 entry fee to the Show were entered into a drawing for a number of prizes; including Harley mugs, Harley goggles in cases, and other small items.

The show was judged by Chapter Coordinator Eric Spurr, Vice-Coordinator Mike Grood, and a motorcycle mechanic friend of the Chapter, Sherm Acord. Congratulations to Oliver Mateljan for winning Best of Show with his M109R.

In addition to signing in for the Bike Show at the Coyote Pass Chapter booth, people also had the opportunity to learn about [ABATE-AZ](#); hearing from Reps how ABATE helps represent riders throughout our state. Tri-folds were handed out & information shared about our legislative successes, safety & awareness programs, financial scholarship opportunities, and more. Hopefully more people will take in all that info and realize that supporting ABATE-AZ with membership dollars benefits themselves & their fellow riders immensely.

In addition to the Bike Show set up in the Thunder-Rode Event Center; there was a classic car Chillin' on Beale cruise-in on Beale Street in front of [Thunder-Rode Motorcycle Accessories](#). These two displays made for a great day filled with eye candy.

Mike commented, "Thunder Rode did a great job of sponsoring our Show." The Chapter also sends Thanks to everyone who participated.

Vice-President's Report

I hope everyone is doing well.

November is so important this and every year that we vote in our Presidential election. There are many different avenues to the political forums. As we fight to make sure that everyone has the Freedom to voice their opinions and live their own lifestyles, this is our moment to do that. When going back to St Louis for the Meeting of the Minds, the continuous statements expressed were of voicing our rights as motorcycle riders and the fact of our being freedom fighters.

Just a quick note on when I went back to Meeting of the Minds. I do things at times not just to be nice but to look at a bigger picture. 😊 I know what I think but I am always wanting to know what other people think. And that always leads to more questions and new ideas. The main topic that was discussed was our freedom. *Are We The People* going to just hand over our Rights slowly or are we as a Motorcycle Rights Organization going to stand together and fight for our freedoms? We each have unique skills that, when brought together, can create an unstoppable force. So, it was asked of us to put aside our differences and arguments of the past and work together; to show each other the

respect that we all have been taught by our fathers, mothers, brothers, and sisters. Fight the good fight and ride safe!

I am planning to attend the upcoming ABATE-AZ State Membership Meeting on November 16 and look forward to the opportunity to speak face to face with people who are on the front lines of making our motorcycle community strong.

With the holidays just around the corner and all the special things that the motorcycle community does to help the less fortunate, hopefully we will take care of ourselves also. Stay safe my brothers and sisters. Maybe the wind will blow me down to the Valley some time 😊

The East Valley and Phoenix Chapters annual Bowling Challenge

was held on October 13th at East Mesa Lanes, on Broadway Road at Ellsworth. Teams from each Chapter competed for the high individual score and total team score.

The East Valley Chapter won the total team score. With some exceptional luck (scoring four strikes in the last three frames of game one), East Valley's Joe Silk beat out Jim Silk for the high individual score. There were two other competitions: one between Alissa and Gary Crawford (Gary's last throw gave him the win by one pin) and Eva and Ella Crawford.

Motorcycle Awareness Program {MAP} Report

It has been several (many many) years since ABATE has presented our Motorcycle Awareness Program to the Flagstaff High School students. On Oct 17, 26 students from Flagstaff HS were introduced to ABATE of Arizona's motorcycle awareness program's presentation. Thanks go to Flagstaff HS's driver education teacher Jayson Blaine; for inviting us to help educate the future Flagstaff drivers about awareness of motorcy-

cles. Thanks to Gary Crawford and Jeff Gorall for driving up there and helping out with the classroom and outdoor demo. The next class dates are in February and June.

For more information about the MAP, contact either MAP Coordinator Jim Silk, 602-312-1927, Jpsilk2264@gmail.com or Joe Silk at 480-628-8598, miterangers@msn.com

Failure-to-yield or Right-of-Way Issues

These are the typical right of way issues that result in an accident between a motor vehicle and a motorcycle:

- Intersections:** Motor vehicle pulling out in front of or turning into the path of a motorcycle at an intersection (turning left in front of). A front end collision results in both situations – this is the most common accident
- Blind Spots:** Not observing motorcycle in blind spot resulting in a sideswiping collision
- Following too closely:** Not keeping distance between motor vehicle and motorcycle resulting in a rear end collision
- Visibility Issues:** Surrounding traffic and roadway backgrounds can make motorcycles difficult to see

GOALS AND OBJECTIVES OF PROGRAM

- Increase your awareness of motorcycles in street and highway traffic.
 - Will present several examples of failure-to-yield right of way issues between a motorcycle and a car which will:
 - Increase your ability to detect motorcycles on the road
 - Show you how to share the road with motorcycles
 - Help you to understand the difficulties, vulnerabilities and hazards associated with riding a motorcycle in street and highway traffic
- Provide a parking lot motorcycle awareness demonstration with one of our motorcycles

by taking the Accident Scene Management classes.

Opportunities and Responsibilities for Arizona Motorcyclists

In Arizona, motorcyclists have an important opportunity and responsibility to shape the political landscape that directly impacts their freedom to ride, the safety of the roads, and the rights they enjoy as part of a vibrant riding community. Voting, particularly for those who are passionate about motorcycling, is more than just a civic duty; it's a way to ensure that your voice is heard in policies that affect your lifestyle, your safety, and your rights. When motorcyclists vote, they help protect the freedoms that define the Arizona riding experience. If every motorcyclist would vote, we could swing an election in our favor for pro-motorcycling candidates.

Protecting Motorcycle Rights in Arizona

Arizona has a long history of motorcycle culture, from its open highways to its vibrant motorcycling communities. Yet, this freedom can quickly come under threat if motorcyclists remain passive in the political process. Legislative efforts to impose restrictions, whether on the types of motorcycles allowed, exhaust regulations, or even helmet mandates, are constantly debated. By voting, Arizona motorcyclists ensure that the elected officials in power understand and respect their desire for freedom on the road.

Moreover, joining organizations like **ABATE of Arizona** amplifies that voice. ABATE (Arizona's largest motorcycle rights organization) works on behalf of motorcyclists, advocating for rider-friendly legislation, fighting against motorcycle profiling, and protecting the rights that bikers cherish. When motorcyclists vote and become members of ABATE, they bolster the organization's ability to make meaningful changes at the state legislature and in city councils around the state. Together, motorcyclists can block attempts at restrictive legislation and push forward pro-rider initiatives that preserve the Arizona motorcycle culture.

Ensuring Road Safety and Infrastructure Improvements

Arizona's unique roadways, with everything from urban sprawl to remote desert highways, pose both joys and challenges for motorcyclists. Voting for candidates who prioritize road safety and infrastructure improvements is essential. By electing officials who understand the needs of motorcyclists, riders can push for better road maintenance, more motorcyclist-specific safety features like proper signage, and improved awareness campaigns that educate drivers to "Look Twice, Save a Life" when sharing the road with riders.

ABATE of Arizona constantly works to ensure motorcyclists' safety remains a legislative priority. When motorcyclists vote and join ABATE, they reinforce the message that safety is paramount. Advocacy groups like ABATE also hold politicians accountable for maintaining safe roads for all, including motorcyclists, ensuring that Arizona's roadways remain biker-friendly.

Impact on Insurance and Licensing Regulations

Motorcycle insurance rates and licensing regulations in Arizona are crucial issues that affect every rider. Legislative decisions can determine whether motorcyclists face prohibitive costs in insurance premiums or endure burdensome licensing processes. By voting, motorcyclists have the power to influence who writes and supports laws that can ease or exacerbate these burdens.

ABATE of Arizona has long been at the forefront of fighting for fair insurance practices and rational licensing procedures that benefit the motorcycling community. Voting and supporting ABATE ensures that riders can access affordable insurance and fair licensing systems that reflect their unique needs rather than unfair blanket regulations. This protects not only current riders but also future generations of Arizona motorcyclists.

Preserving Public Lands for Off-Road Riding

For Arizona motorcyclists who love off-road riding, the preservation of public lands is a key concern. Increasing restrictions on where motorcyclists can ride can limit access to beautiful trails and public spaces that have been historically open for recreational use. Voting for candidates who support public land access for motorcyclists is critical to keeping Arizona's off-road riding culture alive and thriving.

ABATE of Arizona is dedicated to ensuring that these public lands remain accessible to riders. By voting and joining ABATE, Arizona motorcyclists can strengthen the effort to prevent public land closures and ensure responsible off-road riding remains a viable option for enthusiasts across the state.

Fighting Motorcycle Profiling and Discrimination

Motorcycle profiling remains an issue in Arizona, with law enforcement sometimes targeting riders simply because they are motorcyclists or members of motorcycle clubs. This type of discrimination is not only unjust but also erodes the freedoms that Arizona motorcyclists hold dear. Voting for candidates who understand the need to

continues on page 17

Opportunities and Responsibilities for Arizona Motorcyclists

continues from page 16

address this issue is a step toward ensuring that motorcycle profiling is eradicated.

ABATE of Arizona has been instrumental in advocating for anti-profiling legislation, helping to ensure that riders are not unfairly targeted by law enforcement based solely on their mode of transportation or appearance. When motorcyclists vote and support ABATE's efforts, they help push for stronger anti-profiling laws that protect all Arizona riders.

Influencing Transportation Policy on a Statewide Level

Transportation policy in Arizona often overlooks the needs of motorcyclists, focusing instead on larger vehicles or urban planning that doesn't take motorcycles into account. Voting for candidates who make motorcycle-friendly transportation policy a priority can lead to changes that benefit the entire riding community.

ABATE of Arizona frequently engages in lobbying efforts to ensure that motorcyclists have a seat at the table when these transportation policies are drafted. By voting and becoming active in ABATE, motorcyclists help ensure that their voices are heard when it comes to decisions that impact road safety, parking regulations, and transportation budgets.

Strengthening the Motorcycling Community

Voting is not just about individual rights—it's about supporting the broader motorcycling community across Arizona. When motorcyclists come together to vote and join advocacy groups like ABATE of Arizona, they strengthen the unity of the community, making it easier to organize, fundraise, and fight for shared goals.

ABATE provides a structured platform for motorcyclists to organize rallies, events, and campaigns that promote the interests of the riding community. By joining ABATE and voting, motorcyclists are contributing to the growth and success of this movement, ensuring that the Arizona motorcycling community continues to thrive.

Supporting Candidates Who Champion Veterans' Issues

Many Arizona motorcyclists are veterans, and veterans' rights are a crucial issue for the motorcycling community. Voting for candidates who prioritize veterans' healthcare, employment, and mental health services is an important way to ensure that those who have served are well-supported when they return home.

ABATE of Arizona understands the close connection

between the veteran and motorcyclist communities. By voting and supporting ABATE, motorcyclists help elect leaders who champion veterans' issues and honor their service through meaningful legislative action.

Preserving Arizona's Motorcycle Culture and Heritage

Arizona is home to a rich motorcycle culture that encompasses everything from iconic rides through scenic deserts to massive rallies that bring riders together. Protecting this culture means ensuring that future generations of Arizona riders can enjoy the same freedoms and experiences. Voting for leaders who support motorcyclist rights and joining organizations like ABATE ensures that this heritage is preserved.

ABATE of Arizona works to protect this culture by fighting for rider rights and promoting the motorcycling lifestyle throughout the state. Motorcyclists who vote and join ABATE contribute to the legacy of Arizona's riding culture, ensuring that it remains strong and vibrant for years to come.

Voting and Joining ABATE is a Must for Arizona Motorcyclists

For Arizona motorcyclists, voting is not just about participating in the democratic process—it's about protecting the freedom to ride, ensuring safety on the roads, fighting against profiling, and preserving a way of life that defines the Arizona motorcycling experience. Joining **ABATE of Arizona** amplifies this impact by providing motorcyclists with a strong, unified voice that can influence legislation and protect riders' rights at every turn.

In a state where motorcyclists often face legislative and regulatory challenges, the importance of voting and being a part of ABATE cannot be overstated. Together, through active participation in elections and supporting advocacy groups, Arizona motorcyclists can protect their rights, preserve their culture, and ensure that their voices are heard. So, as the next election approaches, motorcyclists should ride with purpose—straight to the voting booth—and become part of ABATE to make sure their interests are front and center in Arizona's political landscape.

Project 35

There are currently some 350,000 motorcycles registered in the state of Arizona. ABATE's goal over the next 5 years is to get 1% of Arizona's motorcycle riders to join forces for Freedom by joining ABATE. I am the team leader for this project; but, at the moment I am a team of one. Please consider being part of my team. I would love input and a person from each Chapter to join me on the quest for motorcycle freedoms.

nity of Arizona. We need to stand up, stand out, and be the force to be reckoned with that we can and will be.

The Phoenix Chapter has already added Project 35 to their yearly budget. Hopefully all Chapters will follow suit. I have big dreams for Project 35. In my heart I Believe we can grow and impact Arizona motorcycling for the better.

We should NEVER hear a motorcyclist say, "I have never heard of ABATE".

Please come along for the ride as we work on this goal to make Project 35 a success. Help me help you help us to positively impact our motorcycling community across Arizona.

In Appreciation ... Motorcycle Proclamations

Every year, more and more motorcycles are added to the registry of vehicles in Arizona. Although Arizona summer temperatures can be brutal, and with 2024 high temperatures setting All-Time records, the year-round sunshine and milder winter climate, make Arizona a favorite for continuous year-round riding. With over 320,000 registered motorcycles and 146,465 miles of roadway taking us from the Grand Canyon, through Native American Territory, Old Route 66, beautiful forests and mountains, vast deserts; ghost and mining towns all rich with history and a story to tell, the need to promote Safety and Awareness can be a full-time process!

Usually around May of each year, in an effort to raise Motorcycle Safety and Awareness, we reach out to State and Local Officials for Proclamations that give EXTRA special attention to look twice for motorcycles! For the past couple of years, I have had the distinct privilege of getting to know and correspond with Dennis Lang, ABATE of Arizona's Mohave Chapter PAC officer and Asst. State MRF Representative. This past May, Dennis worked hard with Mayor Ken Watkins, City of Kingman, to Proclaim May as "Motorcycle Safety and Awareness Month"!

At the same time, I was working with City Secretary Cora Nell Osgood and Mayor Dusty Escapule in Tombstone, "The Town Too Tough To Die", in also proclaiming, "May is Motorcycle Safety and Awareness Month!" Both Tombstone and Kingman are very popular tourist attractions with a very heavy presence of motorcycle activity!

In 2024, we received Motorcycle Awareness Proclamations from Phoenix, Kingman, and Tombstone, AZ reaching out to a total population of 1,681,454 residents and thousands more in visiting tourists, that Motorcycles are out here and to Look Twice!

On behalf of ABATE of Arizona, Our Legislative Director Michael Infanzon, Dennis Lang and myself, William Cleveland, "THANK YOU", to the City of Phoenix, City of Kingman and the Town of Tombstone, Arizona for taking extra time and special attention to making motorcycle riding safer and making it a priority in your communities by declaring, "MAY IS MOTORCYCLE SAFETY AND AWARENESS MONTH" in 2024! God Bless -

Independent Motorcycle Aftermarket
PROTECT YOUR BUSINESS!

It's time for independent aftermarket motorcycle businesses to unite and join the **Independent Motorcycle Aftermarket**. The IMA is a growing network of aftermarket shops and suppliers who believe in unity in purpose toward common goals.

Unity in purpose includes:

- ✓ Passage of Right to Repair legislation
- ✓ Protect the right to modify
- ✓ Protect the internal combustion engine
- ✓ Maintain the availability of fuels not harmful to motorcycle engines
- ✓ Fight End of Life Directives

Join your independent motorcycle business owning peers to protect our investment and the future of motorcycling. The **Independent Motorcycle Aftermarket** works with the Motorcycle Riders Foundation and has your back!
