

President's Report ... Shreveport and more

Hello to all my fellow ABATE of Arizona Freedom Fighters!

As I stated last month, I traveled to Shreveport, LA to represent all of you and ABATE of Arizona at the 41st Annual "Meeting of the Minds" presented by The Motorcycle Riders Foundation and hosted by ABATE of Louisiana. This event provides a forum for motorcycle rights advocates to gather and exchange ideas and related information on what has been happening across the country in the motorcycle rights world. This year's event was outstanding and had a record number of attendees. Over 400 active members and leaders of our movement were in attendance. Over 30 states were represented and attendees from many Motorcycle Clubs and other organizations, along with a good representation of Independents. All of them are becoming more aware of the issues facing our community, and that we must all work together to save our freedoms.

The conference opened on Thursday, September 25 with a 'meet & greet'. It included SMRO updates from various State Motorcycle Rights groups that shared their accomplishments of the past year. Unfortunately, I could not make it to this meeting due to travel conflicts, but our list of accomplishments was read to those present. There was a gathering in the hospitality suite where many friends, old and new, exchanged ideas. It was fun to see many friendly faces and folks who have become good friends over the years.

Friday opened with the General Session. We were honored by having the Barks-

dale A.F.B. Honor Guard present the colors to open our conference, followed by an invocation by Sam Maggio. MRF President Kirk "Hardtail" Willard opened with his report on the state of the MRF and the motorcycle rights movement. We then had a legislative update presented by the MRF lobbyist William "Rocky" Fox on what was happening on a national level in Washington DC.

This was followed by the presentation of State and Federal legislative awards. It is at this point that the MRF Award in Recognition of State Legislation was given to ABATE of Arizona for Successful Lobbying Efforts Leading to the Continuation of the Motorcycle Safety Fund - SB1107. I was proud to accept this award on behalf of all the members of ABATE of Arizona and all the motorcyclists who contacted their representatives to support this bill.

There were many other reports and awards given out, such as the MRFA&E Young Activist Scholarship and the MRF Reps Awards, followed by the President's Cup.

After the General Session, attendees broke up into smaller groups to participate in the various breakout sessions. There were over 16 different breakout sessions over the weekend, each covering a different subject. You could go to those that interested you the most. I was required to attend a legislative strategies session where each SMRO is allowed to vote on which should be the most important issues for the MRF to address in the up-

President's Report

continues from page 1

coming session of Congress. I also attended the Executive Director's Town Hall, where Directors and Presidents, etc gather to discuss issues facing their organizations.

Over the weekend, there were many activities in addition to the various sessions. There was a silent auction with many great items. The MRFPAC had a fundraiser party on Friday night.

Saturday once again had a General Session; with various reports and membership Awards, along with a Keynote Speaker. There was an important panel discussion on membership, recruitment, and retention. These issues are critical to all SMROs across the country. We need members to continue the progress we have made over the years. I ask all our members to recruit at least one new member for ABATE of Arizona in the next year. This would double our size and help get our message out.

Saturday wrapped with the Closing Banquet. The evening included the "Ringing of the Bell" for fallen brothers and sisters, the final awards, and closing comments by MRF Vice-President Jay Jackson.

This year was my ninth time attending the MRF "Meeting of the Minds". Each year I come back more energized and focused for the fight before us.

Next year, MRF's "Meeting of the Minds" will once again be held in Milwaukee, Wisconsin. It will be hosted by ABATE of Wisconsin September 24-27, 2026. I encourage all ABATE of Arizona members to attend if you can. They are planning several special events besides the normal sessions etc. I believe there may be a special tour of the HD Motor Company facilities for attendees of

the convention, although there is nothing official currently. The first MOTM I attended was in Milwaukee. I can attest that they know how to host a party. I once again ask that all ABATE of Arizona members please consider becoming a member of the [Motorcycle Riders Foundation](#), if you are not already a member.

I would like to personally invite all our members and their guests to our Annual State Membership Meeting. It will be held on November 7th, 2025, beginning at 5PM. The location is the Double Tree Phoenix North, 10220 N Metro Parkway, Phoenix, AZ 85051. There will be a banquet dinner along with guest speaker and Awards.

Please remember that this time of year it gets dark earlier, and we need to be watchful of the children who may be out and about. Kids are in school, and many have extra activities after school and are returning home later. Please be aware and drive/ride carefully in areas where they may be. They are often distracted and may dart out without looking.

As always, please spread the word about all the accomplishments that ABATE has done and the work we continue to do. While you are out riding and attending events, be proud of your ABATE membership. Wear your gear and let those around you know that you are an ABATE member. Most riders are not familiar with ABATE and have not joined because they have never been asked. Do them a favor and ASK THEM.

Until next month!

RIDE FREE, RIDE ENDORSED, RIDE SOBER!

Protecting Motorcyclists'
Rights is a Team Effort!
Support your sport by
supporting ABATE of Arizona

Choose Wisely

Once you've decided to ride, there are a lot of choices to be made. What kind of bike? New or used? How much insurance? What kind of protective gear? It can get very expensive. So if you've chosen to wear a helmet, we'd like to make sure you buy a good one.

The Arizona Motorcycle Safety and Awareness Foundation (AMSAF) and Governor's Office of Highway Safety (GOHS) want to help. Our Financial Assistance Helmet program provides individuals with \$125 from AMSAF and 25% off the Manufacturer's suggested retail price (MSRP) when you purchase a DOT-approved, full face or modular helmet at AMSAF approved locations throughout the state.

The Arizona Motorcycle Safety and Awareness Foundation
Financial Assistance Helmet Program

How it works

- AMSAF Vouchers are valid towards the purchase of a \$200.00 or higher DOT Certified Full Face or Modular Street Helmet.
Vouchers are only valid to those dealers approved by AMSAF and listed on the AMSAF website.
Vouchers are not valid for discounted, special order or discontinued helmets.
Purchased helmet is non-returnable if warning tag is cut off. Helmets may be returnable at the discretion of the dealer.
Voucher is valid for a \$125.00 credit toward qualified helmet due to grant received from the Governor's Office of Highway Safety.
Dealer or store will give an additional 25% off of Helmet MSRP.
\$50.00 tax deductible donation is required to AMSAF at time of application.
Voucher and promo code is only valid toward one (1) Helmet purchase.
Dealer will credit individual up front at time of purchase and invoice AMSAF.

For more information or to apply - Click in this presentation

ABATE of Arizona's Legislative Update

shared by ABATE of Arizona's Legislative Director Michael Infanzon, mike@abateofaz.org

ABATE of Arizona Steps Up to Combat Distracted Driving

Distracted driving has quietly become one of the most serious threats to riders on Arizona's roads. Over the last several months, ABATE of Arizona has made this issue a top legislative and public-awareness priority, aiming to strengthen enforcement, close statutory gaps, and push for smarter driver education.

Our legislative team has prepared model language to amend Arizona's hands-free law so that violations are treated as **primary offenses** rather than secondary. This would allow law enforcement to cite drivers observed using handheld devices without needing another underlying violation. The goal is not to increase penalties but to increase accountability and reduce the number of distracted drivers sharing the road with motorcyclists. ABATE members and the motorcycle community told us through the legislative survey earlier this year that distracted driving was their biggest concern. We heard you and are working on it! Now we will need your help.

In addition to legislative work, ABATE will be collaborating with the Arizona Department of Transportation and the Governor's Office of Highway Safety to develop **public-education materials** that highlight how

a two-second glance away from the road can be deadly when motorcycles are involved. We are also asking legislators to include funding for data collection, especially on how distracted driving contributes to crashes involving motorcycles and other vulnerable road users.

At the community level, ABATE members will be asked to help lead "**Look Up for Life**" awareness campaigns, distributing decals and hosting events where drivers can experience how distraction impairs reaction time. These grassroots efforts will remind motorists that rider safety begins with undivided attention.

Distracted driving is not a faceless problem. Every rider has seen it at an intersection or felt its consequences on the highway. ABATE's message to Arizona drivers is simple: if you're behind the wheel, your phone can wait.

Stay informed on ABATE's legislative updates and ongoing safety campaigns at abateofaz.org.

Michael Infanzon
Legislative Director, ABATE of Arizona
Cell 602.456.BIKE

Autonomous Vehicles

Arizona is a national proving ground for automated driving systems. State policy has welcomed on-road testing and commercial deployment since 2015, and Arizona law now permits operation both with a human fallback driver and without one, subject to compliance with federal and state law. Commercial services already carry riders in metro Phoenix. The same corridors carry large populations of motorcyclists and other unprotected road users. Arizona's most recent statewide crash facts show 1,307 traffic fatalities in 2023 with an economic loss estimate of 21.6 billion dollars. Within that toll, vulnerable road users represent a persistent share of deaths and serious injuries. ADOT's 2023 report shows 271 pedestrian fatalities and 44 bicyclist fatalities. National motorcycle data for 2023 record

6,335 motorcyclist deaths, equal to 15 percent of all traffic deaths, with a fatality rate that far exceeds the rate for enclosed passenger vehicles.

We have submitted a proposal to help protect pedestrians, bicyclists and motorcyclists from "driverless" automobiles that are not safe to be sharing the road.

Support ABATEofAz.org and support our efforts.

Rocktoberfest at the Big Bad Wolf

On October 11th, ABATE-AZ's Southern Arizona Chapter set up our tent and table at the Rocktoberfest event sponsored by the Rollin Loco MC and the Medieval Maidens MC.

The event was held at the Big Bad Wolf Bar & Grill in Tucson from 2-6pm. They had a great turn out and had riders from across Tucson and the Phoenix area, along with many independent riders. Thanks to both clubs for inviting us to set up.

Jim Butsback

This message was posted on social media by the hosts, "The Rollin Loco and Medieval Maiden MC's would like to thank everyone in the community who came out and supported our Rocktoberfest Party yesterday! We would like to especially thank the clubs who rode down in the rain from the Phoenix area and to the clubs who came out and supported us even though they had their own events that night! It meant the world to us and your support is highly appreciated!

"We would also like to thank the Big Bad Wolf for allowing us to have the event there, as well as the band AxCrazy to who rocked the house for over four hours! We would also like to say thanks to our vendors ABATE, Healing Frontline Heros, Cigar for Warriors (great to see Kraken is on the road to recovery), The Grape Plug Smoke Shop and all the donors who donated prizes for our raffles!!!!

"Again, thank you to family, friends, and the community for supporting our event!!!!"

Profiling Report Form & New QR Code

Our Legislative Director Michael In-fanzon has simplified the process of reporting Motorcycle Profiling in Arizona. This QR code will take you to an online form to report incidents of profiling.

Michael writes, "Have you or someone you know been stopped, questioned, or surveilled in a way that felt targeted or unjustified? It's not just a bad experience—it could be profiling. Reporting these incidents isn't just about filing a complaint; it's about holding public agencies accountable, exposing patterns of bias, and protecting the rights of all riders and citizens. When you complete a profiling incident report, you help build the data needed to push back against discriminatory practices and demand real change.

"Every report strengthens our ability to advocate for fair treatment and policy reform at every level of government. Don't let it slide. If it felt wrong, document it. File a profiling incident report and make your voice count."

"Why This Matters ...

"Arizona passed an anti-motorcycle profiling memorial in 2018—unanimously. Despite this, riders continue to face discriminatory treatment. We've fought for your rights in the legislature; now we must hold agencies accountable when they violate those rights on the ground ... "

"It's about stopping unconstitutional policing tactics from becoming standard practice. If you have questions or need

help preparing your affidavit, please don't hesitate to reach out. Ride free—and stand up."

Thank you, Michael, for all you do on behalf of Motorcyclists in Arizona!

If you have any questions about motorcycle profiling, contact Mike@abateofaz.org

ABATE-AZ's Southern Arizona Chapter ~ Highway Clean-Up Success in Whetstone

On a perfectly beautiful October Saturday, members of ABATE of Southern Arizona gathered for a highway clean-up on our Adopt A Highway mile in Whetstone, Arizona. It was a great turnout, with dedicated volunteers showing up early, ready to make a difference.

Armed with gloves, bags, and a strong sense of purpose, we spent the morning cleaning up litter along our designated stretch of road. The teamwork and positive spirit made the job go quickly — and the results spoke for themselves.

This clean-up is part of our ongoing effort to give back to the communities we ride through and represent. It's more than just keeping the road clean; it's about showing that ABATE members care about safety, responsibility, and the environment.

A big thank you to everyone who came out and put in the work. Your time and energy are appreciated — and it's efforts like these that truly reflect the heart of our organization.

See you at the next one, and until then, ride safe and stay involved!

William Cleveland

MRF News:

NHTSA Launches New Tesla Investigation

October 13, 2025... This month, the National Highway Traffic Safety Administration (NHTSA) opened a new investigation into Tesla following reports that vehicles equipped with the company's "Full Self-Driving" (FSD) system violated traffic laws while operating under partial automation. According to NHTSA, the agency is aware of 58 separate incidents, including cases where Teslas drove through red lights, traveled the wrong way on roads, and were involved in crashes and injuries.

The preliminary evaluation encompasses approximately 2.9 million vehicles equipped with the FSD system. While no fatalities have been linked to these incidents, NHTSA identified at least six crashes in which Teslas con-

tinued through red lights and collided with other vehicles. Several of these incidents reportedly occurred at the same Maryland intersection, where Tesla has since taken corrective measures.

This new probe adds to NHTSA's growing list of investigations into Tesla's driver-assistance technology, which includes inquiries into its Autopilot features, vehicle doors, and crash reporting practices. Federal regulators have also questioned the system's ability to handle poor visibility and other real-world driving challenges.

The Motorcycle Riders Foundation (MRF) continues to closely monitor these developments, as autonomous technology remains a key issue within the recently approved 2026 MRF Legislative Agenda. Ensuring that

emerging vehicle technologies are safely deployed and properly regulated is essential to protecting all road users, especially motorcyclists.

The MRF will continue to advocate for transparency, accountability, and rigorous oversight in the rollout of self-driving vehicle systems.

Motorcycle Awareness Program {MAP}

On October 1, twenty-three 23 students at Coconino HS in Flagstaff went through the MAP. Thanks to driver's ed teacher Jason Blaine, and to Stephen John Andros for helping with the outdoor demo. To all area riders who want to educate these students on how to be aware of riders & cut down on accidents, get involved! Teaching the beginning driver about how to be aware of us helps them to be better drivers. They tell their friends and family about what they learned, and maybe we just created some interest in one of them becoming a motorcyclist.

The MAP was presented on October 20 to 85 students at Mesa High School. Thank you to Mesa HS's Mr. Art Hall for his support of awareness of motorcycles. Thanks to ABATE members Erin Keena Berry-Schade, Mark Healy, and Jeff Gorall for your support with the presentation and outdoor demo.

On Oct 27-28, the MAP program was presented to about 150 students at Mt. View HS in Mesa. Thanks to Mt. View teacher, Mrs. Coltrin, for her support of motorcycle awareness. Thanks also to Erin Keena Berry-Schade, Mark Healy, Jeff Gorall, and Dan Widmar for their support of these classes.

In Flagstaff on November 3, the MAP team will present motorcycle awareness information to Flagstaff High School students. The Flagstaff area now has classes at both high schools. Volunteers are needed from the Flagstaff area to participate & assist with the outdoor demo and/or present information and eventually lead the presentations.

There will be a MAP presentation on November 10 at Desert Ridge HS in Mesa. If you are interested in attending, either to assist or to observe & learn about the

program, you must contact Joe Silk ahead of time. School security requires that he submit the names of attendees in advance. Contact Joe at miterangers@msn.com or 480-628-8598.

ABATE's E stands for EDUCATION. The target audience of the Motorcycle Awareness Program (MAP) is high school students in driver's education classes. Our purpose is to spread the word about safe motorcycling and promote a positive image of motorcyclists. What better way than to speak to the future drivers of our state? The students, hopefully, will not only be better equipped

LANE FILTERING IS LEGAL
ARIZONA REVISED STATUTES 28-903 F

The operator of a two-wheeled motorcycle may overtake and pass another vehicle that is stopped in the same direction of travel and in the same lane as the operator and may operate the motorcycle between lanes of traffic if the movement may be made safely and if the operator does both of the following:

1. Operates the motorcycle on a street that both:
 - (a) is divided into at least two adjacent traffic lanes in the same direction of travel.
 - (b) Has a speed limit that does not exceed forty-five miles per hour.
2. Travels at a speed that does not exceed fifteen miles per hour.

Lane Filtering information cards are available from your local Chapter

Motorcycle Awareness Program {MAP}

car and truck drivers but will also be more aware and watch out for us.

There is a small group of instructors who have volunteered to present the MAP to students throughout the state, but more instructors are needed. IDEALLY, each region of our state would have its own MAP team of presenters.

Again, if you are interested in attending any of these classes, either to assist or to observe & learn about the program, you must contact Joe Silk ahead of time. School security requires that he submit the names of attendees in advance. You can reach Joe at miterangers@msn.com or 480-628-8598.

This is your opportunity to help get the word out to new drivers about the

importance of safely sharing the road with motorcyclists.

Friday From DC - 2026 Legislative Agenda

October 10, 2025... In September, at the 2025 Motorcycle Riders Foundation's (MRF) 41st Annual Meeting of the Minds Conference held in Shreveport, LA, a legislative strategy session was hosted by the MRF's Legislative Committee. The purpose of the session was to establish and prioritize the MRF's 2026 Federal Legislative Agenda.

Legislative issues fall into one of three priority categories: high, medium and monitor. This list remains fluid and may be adapted depending on the issue or political environment.

Below is a brief description of just the top 12 issues on the MRF's 2026 agenda listed as "High Priority." The January 2026 issue of the *American Biker Journal* will have more details on each of these High Priority issues, as well as the full list of an additional 12 priorities that fall in the "Medium" or "Monitor" classification.

As a reminder, all MRF members receive a copy of the *American Biker Journal* with their membership.

If you're not a member of the MRF, click the button below to join and support our work in Washington, D.C. toward freedom and safety for street motorcyclists.

The 2026 Motorcycle Riders Foundation Legislative Priorities List

HIGH PRIORITY OBJECTIVES:

- **Autonomous Vehicles:** Advocate and monitor any legislation or regulations related to motorcycles concerning connected and autonomous vehicles.
- **Crash Avoidance:** Continue to promote the theme of crash avoidance versus safer crashing, urging the National Highway Traffic Safety Administration (NHTSA) and the U.S. Department of Transportation (DOT) to focus on crash prevention and support rider education by providing funding and other resources.
- **Data Recording:** Pursue legislative language that any collected or available vehicle data is the property of the consumer and in which the consumer has the choice of whether to opt-in to having their personal data communicated to interested parties.
- **Definition of a Motorcycle:** Educate policymakers and advocate for change to the current definition that better reflects the current two and three-wheel motorcycle landscape.
- **Emission Regulations:** Engage the Environmental Protection Agency (EPA) & Congress on any activity related to motorcycle emission regulations.
- **Helmet Laws/Equipment Mandates:** Oppose any mandatory federal helmet or personal protective equipment/

apparel mandates.

- **Internal Combustion Engines:** Work to ensure the survival of internal combustion engines.
- **Profiling:** Sustain lobbying efforts for the passage of resolutions or legislation that promote awareness and the prohibition of motorcyclist profiling.
- **Renewable Fuels:** Advocate for targeted changes to the Renewable Fuel Standard (RFS).
- **Right to Repair/Modify:** Protect and advocate for "Right to Repair" provisions that allow consumers the ability to repair and modify their motorcycles.
- **Surface Transportation Reauthorization (Highway Bill):** Advocate and pursue legislative efforts related to the next highway bill reauthorization (the current act is set to expire in 2026).
- **Vulnerable Roadway User Terminology:** Monitor and ensure that motorcycles and motorcyclists are a specific and unique category or classification.

Remember, a full list of all 24 items on the legislative agenda with further details will be included in your January issue of the *American Biker Journal*. Thank you for supporting the MRF.

It's time to get to work!

The Motorcycle Riders Foundation (MRF) provides leadership at the federal level for states' motorcyclists' rights organizations as well as motorcycle clubs and individual riders. The MRF is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. The MRF is committed to being a national advocate for the advancement of motorcycling and its associated lifestyle and works in conjunction with its partners to help educate elected officials and policymakers in Washington and beyond.

Reader's Ride ~ Ron Braaksma

As of Oct. 15, 2025, I had never ridden in Arizona. 48 states and 14 countries, but not AZ or CA. Three Grand Canyon area attractions were our first goal.

When I worked for a living, as an OTR truck driver, I unloaded at Flagstaff regularly. I was always intrigued by Bearizona signs at Williams. That was the only day we used the car.

Explored the Sunset Crater Volcano and Wupatki National Monument. I had always heard about the Sedona area, also. We were camped at Cameron, so it was an easy ride to check it out. After that spectacular trip, we hit the Meteor Crater by Winslow. Last day, we had tickets for the Antelope Canyon Tour at Page. Overall, we covered about 2000 miles and most of the attractions in northern Arizona.

Moved to Pahrump, NV Oct. 22. If all goes well, we will ride in CA before the end of the week. I am an ABATE member from Iowa and an ABATE of Arizona Sustaining Member.

I sincerely hope that you take advantage of all the GREAT rides you have available.

Ride safe and free

ANNUAL MEMBER MEETING

**NOVEMBER 7, 2025
BEGINNING AT 5 PM**

**DOUBLETREE
PHOENIX NORTH**
10220 N METRO PARKWAY
PHOENIX, AZ 85051

**Dinner buffet, vendor
tables, legislative awards
and a special keynote speaker**

Attention motorcyclists, rights-advocates, and ABATE members across Arizona! We are thrilled to announce that legendary land-speed record-holder Valerie Thompson will be the keynote speaker at the ABATE of Arizona Annual Meeting. 🏍️ Valerie holds ten land-speed records, was inducted into the Sturgis Motorcycle Hall of Fame, and is among the fastest motorcycle racers on the planet at 328mph. Her story of pushing boundaries, taking risks, and winning big will give you fresh inspiration for your advocacy and riding life.

Join fellow ABATE-AZ members and other Freedom Fighters THIS Friday, November 7, from 5p-8pm at Doubletree by Hilton Phoenix North, located at 10220 N Metro Pkwy E, Phoenix, AZ 85051 for our Annual Member Meeting.

Register now: <https://www.zeffy.com/en-US/ticketing/annual-meeting-15>

This annual gathering brings together riders, advocates, chapter leaders, and supporters from across the state. The evening will include legislation updates, Legislator of the Year recognition, networking, and a keynote you will talk about long after the meeting ends. Don't miss it. We will review the past year's progress, recognize member contributions, discuss statewide legislative efforts, and outline priorities for the year ahead.

What to Expect:

- Dinner buffet, \$10 per person. *Must RSVP by Monday November 3 for dinner.*
 - Vendor tables and organization displays
 - Legislative awards
 - Special keynote speaker announcement
- Updates on motorcycle rights, safety, and ongoing advocacy work
 - A chance to connect with other riders and members statewide

Whether you are a chapter officer, long-time member, or new rider wanting to get involved, your presence matters. Our strength is in our membership showing up, participating, and standing together for motorcyclists' rights in Arizona.

Registration Required. Reserve your seat here:

☞ <https://www.zeffy.com/en-US/ticketing/annual-meeting-15>

Dress: Casual / Riding Comfortable

We look forward to seeing you there — united for rider rights and the freedom of the road.

October 24, 2025 ... The Motorcycle Riders Foundation (MRF) is proud to announce the formal nomination of MRF Vice President Jay Jackson of Indiana to serve on the U.S. Department of Transportation's Motorcyclist Advisory Council (MAC). Jay has been nominated for the seat reserved for a representative of a national motorcyclist foundation.

The MAC provides the U.S. Department of Transportation with essential feedback on infrastructure design, roadway safety, and other issues directly impacting motorcyclists. The MRF has long believed that riders deserve a strong and informed voice in these discussions, and Jay Jackson's nomination reflects that commitment to representation and expertise at the federal level.

Jay was previously appointed to an earlier version of the MAC. With the reconstitution of the Council requiring new nominations, the MRF is once again honored to put Jay forward to continue his service on behalf of America's riders.

A motorcyclist for more than 50 years with hundreds of thousands of miles on the road, Jay brings unmatched firsthand knowledge of the challenges and opportunities facing riders. Professionally, he has devoted decades to improving rider safety, education, and advocacy. As State Director of the Motorcycle Safety Division for ABATE of Indiana, Jay has overseen one of the nation's largest rider education programs for over 25 years, while also serving as a certified instructor since 1986. His leadership has helped train thousands of new riders and strengthen the culture of safety across the country.

On the national stage, Jay has served on the Executive

MRF News: Friday From DC ~ MRF Nominates Jay Jackson to Motorcyclist Advisory Council

Committee of the State Motorcycle Safety Association and as the MRF's Director of Motorcycle Safety, helping shape the Foundation's training and policy initiatives. His deep understanding of both rider issues and the policymaking process makes him an exceptional candidate for the Council.

Jay's nomination has earned overwhelming support from across the motorcycling community. Nearly 40 state motorcyclist rights organizations from around the country joined together to endorse his candidacy. In addition, letters of recommendation have been submitted by U.S. Senator Todd Young (R-IN); the Co-Chairs of the Congressional Motorcycle Caucus, Reps. Tim Walberg (R-MI) and Troy Balderson (R-OH); New Hampshire Speaker of the House Sherm Packard (R-NH); and former MAC Chairman Michael Sayre.

MRF President Kirk Willard said, "Jay's lifetime of dedication to motorcycling, his leadership in safety and education, and his experience working with policymakers make him the ideal representative for the MRF and riders nationwide."

The MRF extends its sincere thanks to all the state motorcyclist rights organizations, lawmakers, and supporters who backed Jay's nomination. Together, we continue our shared mission, ensuring that the voice of motorcyclists remains strong, respected, and heard in Washington, D.C.

SECURE YOUR LOAD LAW WENT INTO EFFECT September 19, 2024!!!

On ALL Arizona roads not just highways.
Thanks to Senator Shawna Bolick for sponsoring this important legislation and championing safety on the roads!

Ch. 183, Laws 2024 (SB1376 - Vehicle loads; restrictions)
Extends vehicle load restrictions from highways to streets and roadways, applied uniformly throughout Arizona and in all its political subdivisions. Exempts vehicles being used for agricultural purposes on a farm.

If you have questions about the new law, please contact ABATE's Legislative Director, Michael Infanzon at mike@abateofaz.org

Continuing Education with Team Arizona

ABATE of Arizona Treasurer Cliff participated in a class hosted by TEAM Arizona on the evening of September 16, 2025. It was a skills-building class focused on low-speed control & maneuverability and limited-space maneuvers.

This group of students consisted mostly of riders who were fairly new to motorcycling, yet each was already interested in enhancing skills they'd learned in their beginner's BRC classes. What an excellent mindset! There were 10 in the class.

The maximum class size is 12. This small class format allows the rider coaches to watch each student closely and provide good tips. There were two Rider Coaches for the class, Joe and Paul. One explained techniques while the second demonstrated what the students would be doing.

This evening's exercises focused on body position at low speeds, maintaining the center of gravi-

ty, proper use of the clutch, and maintaining stability at low speeds. A variety of motorcycle styles was represented this night. There were smaller sport bikes, mid-size cruisers, and even a large bagger. No matter what type, size, or weight of bike you are riding, these skills are essential for any motorcycle pilot to master.

Riders returned to the course after a break for Q&A and water, practicing the same techniques and reinforcing the lessons of the evening. Riders also had the opportunity to ask the teachers questions, one-on-one.

Cliff shared, *"I started riding when I was about 16, without an endorsement. I didn't actually get my motorcycle license until about 10 years ago. When I finally did get my license, it was at Team Arizona, So I am partial to Team Arizona."*

The skills class did reveal some bad habits that, with practice, can be corrected. You won't be an expert after one class. It takes practice on your own time to get better.

The coaches are very patient and helpful. It doesn't matter your experience level, these instructors are great. If you think you might want to get a motorcycle but are not sure it's for you, you should reach out to Team Arizona and they will put you on the right road. They even have small loaner motorcycles for you to

continues on page 21

Continuing Education with Team Arizona

continues from page 20

use during a class. If you're thinking about it, do it. Call Team Arizona and get to riding today. You won't regret it."

There is great value in continuing education for ALL riders, whether beginners or experienced. No one has ever been riding for so long that they can't learn something new. I've heard this thought most frequently shared by extremely experienced riders... including some who have participated in drill teams. Others who speak highly of Advanced Rider courses note that they can still learn a new skill or, sometimes as importantly, *unlearn* a bad habit.

Whether you are a beginning rider or have hundreds of thousands of miles under your belt, keep your skills updated and refreshed by participating in a skills class from time to time. Team Arizona has been teaching motorcyclists in Arizona since 1989. In that time, they have trained more than 150,000 riders. They have school locations in Phoenix's East and West Valley; plus Prescott / Northern AZ and Tucson / Southern AZ.

Learn everything you need to know about learning to ride with Team Arizona by visiting their website <https://motorcycletraining.com>

In addition to taking rider education classes with Team AZ, ABATE-AZ encourages riders to familiarize themselves with AMSAF {AZ Motorcycle Safety & Awareness Foundation} to take advantage of the rider education scholarships offered there.

Independent Motorcycle Aftermarket
PROTECT YOUR BUSINESS!

It's time for independent aftermarket motorcycle businesses to unite and join the **Independent Motorcycle Aftermarket**. The IMA is a growing network of aftermarket shops and suppliers who believe in unity in purpose toward common goals.

Unity in purpose includes:

- ✓ Passage of Right to Repair legislation
- ✓ Protect the right to modify
- ✓ Protect the internal combustion engine
- ✓ Maintain the availability of fuels not harmful to motorcycle engines
- ✓ Fight End of Life Directives

Join your independent motorcycle business owning peers to protect our investment and the future of motorcycling. The **Independent Motorcycle Aftermarket** works with the Motorcycle Riders Foundation and has your back!
